Codnor Park Care Home is set off the main road through Codnor and we benefit from extremely good bus links to nearby Ripley, Heanor as well as Derby and Nottingham. There are shops and restaurants close by should you feel like treating yourself.

Our purpose built residential home was opened in 1997 and has 40 fully furnished en-suite rooms which Residents are encouraged to personalise with their own belongings. There are communal areas consisting of a main lounge with a fish tank, canary, and comfortable chairs where Residents can make new friends or join in with the many daily activities. There is a large garden lounge which has French doors and large windows overlooking the maintained gardens. Upstairs there is a lounge for watching television and a library. We also have a resident cat called Molly

Our home is set in lovely surroundings, having a large grassed area and trees to the front, along with smaller areas to the back with a greenhouse for keen gardeners. There are two paved areas which during the summer have tables and chairs placed out so that Residents can enjoy the sun.

The kitchen is well equipped and serves good home cooked meals, with special diets catered for. All laundry is done on site daily and we even have a chiropodist, dentist, physiotherapist and GP when required. We even have access to a heated swimming pool and spa with full facilities.

Our friendly, well trained staff ensure quality care for all Residents and are always happy to give help or advice whilst respecting privacy and dignity of individuals at all times.
